KING GEORGE OF GREECE REPORTED KILLED TODAY

POPULAR MONARCH IS SAID TO HAVE BEEN KILLED AT SALONIKI.

TURKS WOULD ABANDON FORT

The Bulgars, However, Refuse the Honors of War to the Besieged Men.

London, Eng., Mch. 18.—Special to Telegraph—A dispatch from Saloniki says that King George of Greece has been assassinated there.

Details of the tragedy are meager, however, and the report has not been fully verified.

King George was one of the oldest reigning monarchs in point of service in the world. He was born Dec. 24, 1845 and acceded to the throne Oct. 3, 1863.

Years did not tell on him and he was much younger looking than most men of his age. His popularity with his subjects was unlimited and it has been said that he had hardly an enemy among his subjects.

London, March 18.—A Sofia dispatch to the Exchange Telegraph company says:

"The garrison at Adrianople has offered to surrender on condition that the Turkish soldiers are allowed the honors of war and are permitted to keep their arms. The Bulgarians have refused to accept these conditions."

The European powers have decided practically to ignore the extravagant demands of the Balkan allies and to consider their reply as tantamount to an agreement to accept the proffered mediation.

The powers, in their reply, will congratulate the allies on agreeing to mediation, and will propose that the frontier line be drawn from Enos, on the Sea of Marmora, to Midia, on the Black sea, instead of from Rodosto to Midia, all the territory to the west of the proposed line with the exception of Albania going to the allies.

The note will declare that the question of indemnity cannot be entertained, and will remind the allies that Albania and the Aegean islands are in the hands of the powers for final settlement.

Athens, March 18.—The Greeks have occupied the town of Klissura in Albania. The Turks offered stubborn resistance, but were forced to retire in the direction of Berat. The Turkish losses were very considerable. The Greeks lost 13 killed and 40 wounded.

FRENCH CABINET

RESIGNED TODAY

Paris, Mch. 18.—Special to Telegraph—Premier Briand, head of the French cabinet, resigned this afternoon and the other members of the cabinet resigned immediately afterward.

HUNT TO VOTE FOR SHERMAN AND FUNK

PROGRESSIVE REPRESENTATIVE FROM THIS DISTRICT GIVES HIS VIEWS.

DeKalb Advertiser: R. D. Hunt, progressive member of the legislature from DeKalb, came home last night and will go back to Springfield Monday.

As to the senatorial situation Mr. Hunt still regards it as chaotic with no solution in sight. He and the majority of the progressives have decided to go back to Springfield and vote for Sherman and Funk for the long and short terms.

He does not regard the chances of J. Ham Lewis very bright nor does he think the progressives will vote for him.

WHITFORD TAKES SPILL

FROM MOTORCYCLE

James Whitford had a bad fall from his motorcycle while riding on West third street this noon, but fortunately escaped with a few bruises and scratches. The machine, however, was damaged considerably, a broken pedal and bent handlebar indicating what might have happened to the rider.

FOUR YEAR OLD BOY FLOATS THROUGH BIG SEWER PIPE

SYCAMORE CHILD HAS NARROW ESCAPE FROM BEING DROWNED.

A four year old son of Fred Johnson of Sycamore fell into an open drain and before he was discovered he had floated through a four and a half foot tile that extends under a 70 foot road.

A neighbor, Mrs. Victor Bollen-dorf, heard the child scream, but on looking out could see no one. Thinking that the boy, whom she had seen playing outside a few minutes before might have fallen into the drain, she ran out but there was no sign of him in the water in the drain which had been swollen by the recent thaw.

Thinking it possible the babe had been swept into the big pipe she ran to the other end of the sewer, where the boy came floating through. He was none the worse for his experience.

MOORE AND SELF IN TIE GAME MONDAY

FIRST TIME IN CITY BOWLING LEAGUE AN EXTRA GAME WAS NEEDED.

With the finish of the city bowling league tournament a week or so away and with but four more games to play in the race, it is apparent that Peters' team will win the honors, unless they have a big slump and some of the other teams roll an unexpectedly high score. The standing of the teams is:

Team	G	Tot. Pins
Peters	33	26162
Moore	33	25781
Hefley	30	21794
Self	30	21686
Moore	27	20165

Had Tie Game.

The first tied series of the winter was rolled last night by Moore's and Self's teams, each aggregation having 2198 pins when the three games were played, and accordingly the fourth game was necessary to decide the winner. The scores of the fourth game do not go into the league average, however. Last night's games:

Self's Team.				
Gray	123	144	154	134
Gylleck	124	158	102	123
Self	202	160	179	165
H. Fordham	107	126	163	148
Fritz	189	118	149	113

Totals . . . 745 706 747 683
Grand total—2881.

Moore's Team.

Goodman	142	130	158	153
Leach	147	121	144	149
Lynds	130	164	167	105
Hoefter	173	139	127	132

HOUSE PASSED NEW CRIMINAL MEASURE

WILL PREVENT ALLEGED MURDERER ESCAPING TRIAL ON TECHNICALITY.

Springfield, Ill., Mch. 18.—Special to Telegraph—The house today passed an amendment to the criminal code to prevent Roy Pfanschmidt, the alleged murderer of his parents and sweetheart, escaping trial on a technicality.

The young fellow is said to have brutally killed his parents and betrothed in Adams county, and under practice should have been brought to trial sooner. His lawyers attempted to have him freed under the point, but the action of the house is the first step to prevent his escape.

LONDON AMAZONS MENACE ASQUITH

Suffragists Start Demonstration Against Premier by Shouting "Shoot Him."

WOMEN INVADE WHITE HOUSE

Suffrage Advocates Urge President to Favor Basic Law Change Looking to Votes for Women—Wilson Says Question Is Practical.

London, March 18.—Pandemonium reigned for several minutes at the suffragettes' regular weekly meeting held in the London pavilion when a demonstration was started against Premier Asquith.

"Why don't you blow up Asquith?" yelled some of the audience as Mrs. Emmeline Pankhurst was telling of her daughter, Sylvia's, confinement in Holloway jail.

"Shoot him!" was another of the calls which frequently interrupted the speaker. All of the ministers came in for their share of abuse, but the premier was by far the most unpopular.

The demonstration started when Mrs. Pankhurst read some of her daughter's communications from the jail, in which she is confined on a charge of inciting the bomb outrage which resulted in the wrecking of Lloyd-George's house.

Women Invade White House.

Washington, March 18.—A peaceful band of suffragists invaded the White House, bearing the white flag of truce, and were greeted cordially, listened to attentively by President Wilson and told that he would weigh their arguments carefully and that, while he would not promise to fulfill their wishes and recommend a constitutional amendment, he would not say he would not.

This non-committal statement of the president made the suffragists rejoice. The five women, Miss Alice Paul, Mrs. Harvey M. Wiley, Mrs. C. U. Stone, wife of Representative Stone of Illinois, Mrs. Ida Husted Harper and Miss Mary Bartlett Dixon of Baltimore, left in high feather. Miss Alice Paul, speaking of the meeting afterwards, said:

Women Feel Encouraged.

"I feel very much encouraged. The president took us very seriously and did not deal with the matter flippantly. But it was the most solemn, serious meeting I have ever attended. President Wilson was extremely serious and listened intently. We were serious, too, and I felt history was being made by the interview."

The most dramatic moment of the interview was when Mrs. Ida Husted Harper graphically described other meetings with Presidents Roosevelt and Taft by suffragists when she was present. President Wilson appeared extremely interested when Mrs. Harper described the interview with President Roosevelt, and his downright refusal to consider the matter at all as president.

Wilson Declares Question Practical.

"The president said that the question was a practical one and that he realized it had been presented to him by practical, thinking women. He would take it under consideration and judge as to the practicability and feasibility of putting it in his message. He said he had two great issues to consider in this message, the tariff and the currency reform, but we interrupted him to say ours was as great an issue. He assured us that if the suffrage recommendation did not go in his message it would not necessarily mean that he is against the cause."

CONDUCTOR VS KARTYE TOMORROW

CLARENCE GEORGE AND RED WOLF TO STAGE THE PRELIMINARY BOUT.

Ernest Kartye and the Mysterious Conductor will meet in a bout arranged by local wrestling fans at the Dixon opera house tomorrow evening. Both men will weigh in at 175 pounds, this being the first bout in Dixon in which the Conductor has been evenly matched.

Clarence George of Butte, S. D., and Red Wolf of Dixon, both weighing 133 pounds, will stage the preliminary. The former has had two years' experience in the game.

Misses Lucile and Louise Heckman of Amboy have returned home after a Sunday visit at the J. B. Missman home, 401 Crawford Ave.

Charles Major assisted Leake's orchestra of Amboy at a dance there last evening.

ATTORNEY VICTIM OF PICKPOCKETS

LAWYER S. B. POOL OF AMBOY ROBBED OF \$100 AT MENDOTA MONDAY.

YOUNG FELLOWS GOT HAUL

Boarded Train But Got Off Before It Was Out of the City.

Attorney S. B. Pool of Amboy was robbed of \$100 by pickpockets in the Mendota union depot Monday afternoon just as he was about to board the northbound Illinois Central passenger for his home, and although the officers have been working on the case since that time the thieves have not been apprehended.

As Mr. Pool was about to board the train two young fellows rubbed up against him and jostled him, but he paid no attention to it until after he had gotten on the train, when he reached for his pocketbook, which contained five \$20 bills. The train had not started and, thinking he might have dropped it in the depot, he got off and searched for it.

Got Off the Train.

In the meantime the train started, and then, not being able to find his wallet, the victim remembered the actions of the young fellows and he sought the aid of the Mendota authorities. Sheriff Reid was notified and he went to the depot, interviewing the conductor of the passenger train when it arrived here. The trainmen remembered the two young fellows getting on at Mendota, but said they got off the train when it stopped at the Milwaukee crossing in that city. Mr. Reid communicated his information to the Mendota marshal and the search for the pickpockets is being prosecuted in that city.

ROCKFORD WOMAN FATALLY HURT BY SON'S SHOTGUN

ACCIDENTAL DISCHARGE OF WEAPON RESULTS SERIOUSLY—BABY INJURED.

Rockford, Mch. 18.—Special to the Telegraph—Mrs. Henry Shoude, residing near this city, was fatally wounded by the accidental discharge of a shotgun in the hands of her 16-year old son. An infant she was holding escaped injury, but a daughter in an adjoining room was slightly hurt by scattering shot. The charge of the gun lodged in the woman's head.

ROCKFORD MAN SAID

TO HAVE DROWNED SELF

That L. H. Holcomb, a single man employed in the assembly room at the plant of the Free Sewing Machine company at Rockford, committed suicide early Saturday morning by walking into Rock river, is the belief of the police and patrons of the rooming house where Holcomb made his home.

VACCINATION AND THEATRE ORDINANCES WERE FILED

DR. OWENS WOULD REQUIRE VACCINATION OF SCHOOL CHILDREN.

Two proposed ordinances were filed with City Clerk Blake Grover last evening for the council's consideration next Monday night. One was submitted by Mayor Brinton and it provides for licensing theatres in the city of Dixon, an annual fee of \$25 being charged theatres with 300 or charged the play houses with over 300 seats. The ordinance does not require a license from those giving entertainments not for profit, or by people who do not make a business of it.

Vaccination Measure.

The other ordinance was filed by Dr. E. B. Owens, president of the south side board of education. He wishes the council to pass a measure prohibiting children from attending any public school when smallpox exists here or in the vicinity unless they have been successfully vaccinated within seven years.

WATER COMPANY TO GIVE INFORMATION

MAYOR BRINTON TELLS COMMISSIONERS HE HAS BEEN SO PROMISED.

CITY MAY DO STREET OILING

Hart & Netzt Want to Erect Ornamental Pump—Other City Matters.

WHAT THE COUNCIL DID.

Passed local improvement ordinances Nos. 143 and 146, providing for sewers on South Galena avenue and East Fellows street respectively. Discussed street oiling, and instructed city attorney to see if there is any way the council can assess the property owners to apply oil on the streets where it is needed.

Received petition of Hart & Netzt to erect ornamental gasoline pump and lamp post in front of their garage. Petition referred to Commissioners Schuler and Schmidt.

Mayor Brinton informed commissioners that he had again taken the waterworks question up with Attorney C. B. Morrison, the company's legal advisor, and that the city had been promised any information it desired regarding the company's business.

Mayor Brinton rattled the skeleton again last evening when, just as the commissioners of the city council were ready to go home, he informed them that he had been in conference with Attorney C. B. Morrison, the Dixon Water Company's counsel, and that the attorney had promised him that the city could secure all and any information it desired, preparatory to drafting a new franchise when the company's present permit expires in July. The mayor states that he had not done anything definite in the matter yet, but that he would probably have some detailed information in a short time.

Discussed Oiling.

The mayor's startling disclosure was probably the most important event of the short council meeting, but Commissioner VanBibber suggested that the city take charge of the street oiling, which proved so satisfactory last year. Accordingly City Attorney Mark Keller was instructed to investigate and ascertain if there is any way in which the city can do the work and assess the cost against the property owners.

Want to Erect Post.

George Netzt, of the firm of Hart & Netzt, was present at the council meeting and asked the commissioners for permission to erect an ornamental lighting post, which houses a gasoline pump, on the curb in front of their garage. The matter was referred to Commissioners Schuler and Schmidt to investigate, there being a feeling on the part of the officials that should the firm be given permission to install the post every gasoline-seller in the city would want to do the same, which, on some of the narrow streets, would congest traffic.

Passed Sewer Ordinances.

The council also passed local improvement ordinances Nos. 143 and 146. These ordinances provide for sewers on Galena avenue and Tenth street, and on East Fellows street.

DUST AND DIRT IN

GRIP OF SOUTH WIND

If ever a street sprinkler was needed it was today when the strong south wind picked up dirt and dust in enormous quantities and deposited it in the eyes and ears and on the clothing of pedestrians.

Mrs. Max Rosenthal of Peoria avenue will entertain Wednesday for Miss Hazel Noble.

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in quailac and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equalled. A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Practical Club Entertained.

The members of the Practical club and their husbands held a surprise last evening on Mrs. I. R. Devine, today being her birthday anniversary. The company arrived at the Devine home while the mistress was attending church and when she came home the jolly crowd gave her a rousing welcome. Games and music were enjoyed and the members of the club made the hostess a handsome present of a half-dozen hand-painted plates. She appreciates the gift very much. A delightful evening was enjoyed.

Parlor Club Meeting.

The meeting of the O. E. S. Parlor club held yesterday afternoon at the spacious home of Mrs. S. M. Gantz was delightfully entertained by Mrs. Gantz and Mrs. H. L. Fordham about 30 ladies being present. Some were gowning entirely in green and white and everyone wore a touch of the favorite color of the Emerald Isle. The decorations in the house were beautiful. A delicious luncheon was served and the color scheme of green and white was carried out here in the viands. The ladies report a delightful afternoon and hope to again have the pleasure of being guests at the home of Mrs. Gantz.

Entertained Classmates.

Miss Ethel Rhodes of North Crawford avenue delightfully entertained some of the girls and boys of her class last evening. Games, music and refreshments were the order of the evening.

Entertained.

Miss Mooney entertained yesterday afternoon her friends Mrs. John Fitz of Springfield and Miss Carroll of Amboy. A very pleasant time was enjoyed and tea was served.

GOOD CAUSE FOR REJOICING

Young Baseball Player Disliked Theatrical Plays Where He Was Expected to Appear.

It is the custom among some of the New York theatrical managers occasionally to entertain the members of the local ball teams at their theaters. A young recruit from the high grass joined the Giants one day, and that night went with his new teammates to a play as guests of the management.

The piece did not appeal to the men, though, and they failed to applaud with any degree of heartiness. After the curtain fell McGraw scolded them for this lack of warmth.

"Here, you fellows, come in here free and have the best seats the house affords, and then you sit stock still like a row of dummies," he said. "I hope this doesn't happen again."

The very next afternoon one of the veterans hailed the youngster at practice on the Polo grounds.

"Well, kid," he said, "more big do-in's tonight! Me's going to take us to Bill Brady's theater."

"What's the show?" asked the green hand.

"The show," said the veteran, "is 'Bought and Paid For.'"

"Thank the Lord for that!" said the youngster fervently. "If it's rotten we won't have to applaud."—Saturday Evening Post.

CROSS OR FEVERISH HALF-SICK CHILDREN

MEAN THEIR BOWELS ARE WASTE-CLOGGED; LIVER SLUGGISH AND STOMACH SOUR.

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

COLLEGE FOR TURKISH GIRLS AMERICAN IDEA

During the past few weeks, in a splendid white building on the Bosphorus, scores of liquid-eyed Turkish college girls have been industriously and patriotically working away for the "Red Crescent," which is the Mohammedan edition of the "Red Cross." It is presided over by Princess Naime, a daughter of the Sultan and wife of General Mohammed Mukhtar Pasha, who was at the front. The potential hours of the harem—as romantic westerners still persist in considering every veiled lady in the near East—have been making bandages and picking lint and rehearsing "first aid" for the benefit of wounded friend and foe alike, in thoroughly orthodox European fashion.

Whatever may be the outcome of the treaties with the victorious Bulgars, the fact remains that today Turkey is the newest country for civilization to reckon with, a commercial possibility next in importance to South America, which in turn has followed on the heels of Japan and South Africa.

The new Turks are very presentable citizens, judged even by western standards, and among other things they are keen for higher education.

This is why, now that the war is over, those splendid white buildings on the Bosphorus—built with American money, officered by Americans, with a fine corps of American teachers—is perhaps the most interesting spot in the entire empire today.

It is now called Constantinople college. Until this year it was known as the American College for Girls, but this was a misnomer, suggesting a mission school which it was not; or an institute designed to teach the little Musselman damsels the speech and customs of the United States.

It is a full-fledged college for women, with a string of learned professors and various courses leading to degrees; and the lovely Turkish maidens who are strikingly different from the popular idea of them are flocking there in numbers, along with scores of studious demiselles from Montenegro, Servia, Bulgaria, Albania, Greece and half a dozen other places, to win the scholastic rating which gives them letters after their names and an equal place among their educated sisters in other countries.

Hundreds of thousands of dollars have been raised in this country, largely through the efforts of Dr. Mary Mills Patrick, an Iowan, who matriculated at the University of Berne, Switzerland. She is president of the college and well known in America, where she has made more than one recent visit for the purpose of explaining conditions and interesting philanthropists and educators in the great work for the higher education of Eastern women. She spoke at the commencement at Bryn Mawr college last spring and in many other places.

GEORGIA SENATOR TO PLANT HACKBERRY TREE

What's a hackberry tree? Well if you never have been down in Georgia, you probably don't know.

Washington is soon to find out all about this particular kind of tree.

Satisfied that the national capital belies its name without a Hackberry tree, Senator Bacon, president pro tem of the senate, announced the other day that he would remedy the oversight. The Georgian, it was announced, not only sent to his native state for the young tree, but will officiate with the spade in planting it in the capitol grounds.

Vice-presidents and speakers of the house have planned numerous trees and shrubs in the classic territory.

Servian Military Genius.

One of the war correspondents in the Balkans writes of General Putnik, commander-in-chief of the Servian forces as a military genius: "I was struck by the extraordinary likeness which he bore to General Grant, both in feature and build. Perhaps, however, if the reader of these lines will recall what Andrew Carnegie is like, then he will have an excellent idea of the appearance of the Servian generalissimo who has organized the marvellously successful campaign against the Turk. Placid and gentle-eyed, one of the kindest of men, I should think, he is adored by his staff and by all ranks."

Complicated Economics.

"Why did your cook leave?" "She said our family was too small." "Too small?" "Yes. We didn't market for enough people to feed her family, even if we went without eating ourselves."

A Palpable Hit.

"I hear they fought a duel with sabers." "Yes; I was one of the seconds." "Anybody touched?" "I was touched for the fare."

New Perfection Oil Cook-stove

This is the seventh—the last edition—of the famous Oil Stove that has revolutionized kitchen methods in city and on farm. It is literally sweeping the country. Nearly 200,000 NEW PERFECTIONS were sold in Indiana, Illinois, and other states by the Standard Oil Company, an Indiana Corporation, last year alone.

This stove burns Oil. At just half the cost of gasoline. And it is safer and cleaner than either.

Note the oil reservoir with indicator, the Perfection Sad Iron Heater, and other exclusive features.

Note its special equipment; the cabinet top with drop shelves and towel racks, the smokeless, odorless broiler;

the portable oven; the special toaster. (Furnished with or without above equipment.)

The small cost of the NEW PERFECTION (Wick Blue Flame) Oil Cook Stove is its second big surprise; the first is its ease, efficiency and economy in boiling, broiling, baking, roasting and toasting. One, two, three or four burners, as desired.

Has Some Sense of Humor.

There is a certain cigar clerk in this village who has got a highly developed sense of humor. We frisked into his place of business during the rush hour at noon yesterday and handed him a silver dollar with a plug in it that would fill a cavity in a rhinoceros tooth. He said never a word but handed us one good nickel cigar, if you can imagine such a thing and a handful of change. Then we hustled for the car.

The conductor came for his nickel and we handed out the change we had received at the cigar store. Need less to say it was our all. It consisted of the following:

One Mexican half-dollar with a hole in it. It has been used for a watch charm.

NO INDIGESTION, GAS OR SOUR STOMACH

"Pape's Diapepsin" Stops Fermentation and Makes Your Upset Stomach Feel Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy, and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids, and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally, keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help; remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on, with a weak, disordered stomach; it's so unnecessary.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

U. S. GUARDS LINE BATTLE IMPENDS

2,000 State Troops Moving on Naco, Just Across Arizona Border.

35 KILLED IN STREET FIGHT

Fifty Others Are Wounded When Federals and Carranzistas Clash in Nuevo Laredo—Americans Detain 176 Mexican Soldiers.

Naco, Ariz., March 18.—After their defeat Saturday, when General Ojeda's 450 federals routed nearly 1,000 constitutionalists, the rebels in the disaffected state are demanding immediate action and 2,000 of them are closing in upon the little town just across the border from Naco.

From Nogales 256 Yaqui braves are marching toward Naco, and Capt. Juan Cabral is coming with 750 troops by rail from the same place.

In preparation for the expected battle, Colonel Gullfoyle, commander of the Ninth cavalry, notified General Ojeda that the federal commander would be held responsible for any injury to American citizens on the Arizona side. He also set about building bullet proof houses for the women and children and ordered the movement of nine troops of cavalry.

35 Killed in Street Battle.

Laredo, Tex., March 18.—Streets of Nuevo Laredo, the Mexican town opposite this city, were the scene of a battle in which twenty Carranza followers and fifteen federals were killed. Nearly fifty soldiers were wounded. The Carranza men retreated to the hills, where they appeared to be preparing for a fresh assault. The street battle continued an hour and a half.

Fight Is Without Quarter.

The Carranza forces stole into Nuevo Laredo under cover of darkness, 200 strong, and at daylight began a stubborn fight with the 350 federals defending the town. Apparently it was a fight without quarter. One rebel soldier was seen to fall as if dead, but when the charging federals reached him he raised his head. A federal raised a rifle, blowing off part of the top of the wounded man's head, whereupon several of the federals knocked the body out of the way until it rolled down the steep embankment of an arroyo, which debouches into the Rio Grande. It was reported that the federals received orders to exterminate the Carranza followers.

The small band of constitutionalists in a running fight drove headlong into Nuevo Laredo past the customs house to a large factory, where they made a stand. This occurred between 4 a. m. and dawn. At daybreak the federals deployed about the large factory, apparently taking care to draw the rebel fire in a line parallel to the Rio Grande, so that no bullets should fall in Laredo. After a sharp fight here the rebels retreated in good order in an open area, where they halted and checked the federal pursuit.

U. S. Troops Detain Mexicans.

Washington, March 18.—One hundred and seventy-six Mexican soldiers under Colonel Kosterlitzky will be detained on the American side of the border at Nogales, following instructions sent to Brig. Gen. Tasker H. Bliss by Secretary of War Garrison. These men, after an all day fight with revolutionists, crossed the border line several days ago and surrendered to the American troops.

M'COMBS ACCEPTS OFFICE

Chairman Delays the Sending of His Nomination to U. S. Senate.

Washington, March 18.—The nomination of Chairman William F. McCombs of the Democratic national committee to be ambassador to France was prepared at the White House and as it was about to be transmitted to the senate it was withheld at Mr. McCombs' request. Mr. McCombs has decided to accept the post and it is said the delay does not mean a change in his intentions.

THREE HURT BY EXPLOSION

Four Bombs Explode in Post Office at Calcutta, India.

Calcutta, India, March 18.—Four bombs, intended to kill the editors of the leading papers here, exploded in the post office while the packages containing them were being sorted by mail clerks. Three clerks were fatally injured. The deadly missiles were addressed to the editors of the Englishman, Statesman, Capital and Empire.

German Steamer Peruvia and Twenty-Eight Aboard Lost at Sea.

Stettin, Germany, March 18.—The Peruvia, a German steamship of 2,500 tons register, has foundered with all hands off the coast of Norway, according to a statement issued by the owners here. The vessel had a crew of twenty-eight and had been missing for some time.

Sets New Racing Record. Christiania, Norway, March 18.—O. Mathiesen, the Norwegian skating champion, set a new record for 500 meters when he covered the distance in 41 seconds at Hamor.

Thomas Nelson Page, author and diplomat, is said to be President Wilson's choice for an ambassadorship.

PROBE EATON'S DEATH

Investigation Will Be of Most Thorough Nature.

Dead Admiral's Widow and His Two Daughters Are to Be Called as Witnesses.

Bingham, Mass., March 18.—The death of Rear Admiral Joseph G. Eaton was the subject of an inquest in the district court here. As in the previous proceedings, which were informal and preliminary, Associate Justice Edward B. Pratt presided.

"Every person who may have any knowledge of the death or the cause of death of Admiral Eaton will be called before this matter is finished," said the district attorney.

Among those who will be called are Mrs. Eaton and her two daughters by a previous marriage.

Washington, March 18.—The report of Surgeon Dessez, the naval medical officer stationed at the Boston navy yard, upon the death of Rear Admiral Eaton, retired, reached the navy department. Doctor Dessez did not undertake to make any additional investigation of the cause of the admiral's death, but simply reported it in accordance with the statement contained in the death certificate, adding that the circumstances were under investigation by local authorities.

The function of naval surgeon in such cases is strictly limited to learning the cause of death with reference to the ability of the widow or minor children to receive a pension, which depends entirely on whether death resulted from causes incident to the service. It was said at the navy department that Doctor Dessez's report will not in any way serve to throw light upon the death of the admiral.

LANDIS ORDERS OLEO QUIZ

Federal Grand Jury Is Told to Disregard Compromise.

Chicago, March 18.—Franklin MacVeagh's last official act as secretary of the treasury under the Taft administration—that of compromising \$1,200,000 alleged oleomargarine frauds for \$101,000—was set at naught by Judge Landis. The jurist, in a remarkable charge to the federal grand jury, told them to disregard the secretary's act. He said a money payment could not condone a criminal act. He told the jury to investigate to ascertain whether a conspiracy to defraud the government had existed and if such was a fact to indict individual officials of the concerns involved.

HYDE JURY IS DISCHARGED

Announces a Disagreement Following Deliberations Lasting 86 Hours.

Kansas City, Mo., March 18.—The jury which tried Dr. B. Clarke Hyde for the murder of Col. Thomas H. Swope, millionaire philanthropist, came into court at 12:35 p. m., after having been out eighty-six hours and thirty-five minutes, and reported a disagreement and was discharged. The panel stood nine for acquittal, three for conviction.

DENVER IS ON MAP AGAIN

Rail Connection to Western Town Resumed After Four Days.

Denver, Colo., March 18.—Denver rail connection with the east, which had been closed over the lines of the Union Pacific, Rock Island and Burlington since Friday afternoon, was reestablished when the Burlington, the last to break through the snow blockades caused by Friday and Saturday's storms, brought a train into the Union depot.

WILSON ISSUES OFFICIAL CALL

Proclamation Out Summoning Lawmakers to Capital on April 7.

MESSAGE IS IN PREPARATION

President Will Point Out in Detail His Wishes as to the Tariff Specifically in His Forthcoming Document.

Washington, March 18.—President Wilson issued the formal proclamation convening congress in extra session at noon April 7. The president's pronouncement was brief and followed form closely. It is stated merely that "whereas, public interests require" congress would be convened in extra session by order of the executive.

Originally Mr. Wilson had fixed April 1 as the date. Representative Underwood, the Democratic majority leader, having informed him that the tariff bills, to which it was agreed congress should give immediate attention, would be ready on that date. Mr. Underwood found, however, that the ways and means committee would need another week to draft the schedules and the date set was selected in deference to the wishes of Leader Underwood and house leaders.

Promised After Election.

The absence of any specific reason for the calling of the extra session is explained by the fact that Mr. Wilson's statement immediately after his election declared that he would call an extra session to revise the tariff.

President Wilson plans to point out specifically his wishes for the extra session in his first message, in preparation. This, it is known from talks the president has had with members of congress, will outline the administration's idea of how the tariff should be revised and just what schedules should be taken up.

Message to Dwell on Tariff. The belief is general that the entire message will be taken up with a discussion of the tariff, except the last paragraph or two, which will draw attention to the need of currency legislation at the earliest possible moment and will indicate the intention of the president to send later a special message on that or other subjects which he believes should be considered by the new congress.

The tariff plan will be submitted first to a caucus and then directly to the house by the ways and means committee.

"Our committee will be ready to report by that time," said Democratic Leader Underwood. "We have made headway and there will be no trouble about reporting the revised plan when congress convenes."

To Facilitate Customs Work.

The majority of the ways and means committee began taking up the administrative feature of the new tariff. These provisions relate to the variety of custom house routine, and the effort of the Democrats in changing the terms and phraseology of the administrative section is to simplify and facilitate the customs work in the interest of both the government and the importers. A number of changes along that line were suggested by witnesses at the tariff hearings in January.

The tariff revision plan will be in such condition that whatever form the caucus adopts can be reported immediately out of the committee and the whole tariff discussion can be formally opened in the house without delay.

Wilson Bars All Presents.

President Wilson let it be known at the White House that he does not care to receive presents even of the most trivial character. Secretary Tumulty has been directed to return to the sender two fine razor strops, both of which are mounted with solid gold. A dozen shaving sets, including as many varieties of safety razors, will meet a similar fate.

Each of the articles sent back were accompanied by a letter which simply stated that the "president has conscientious scruples about accepting gifts of any character."

MRS. LONGSTREET OBJECTS

Writes Open Letter to President Against Losing Her Office.

Gainesville, Ga., March 18.—Mrs. Helen G. Longstreet, widow of the Confederate general, and postmistress here for eight years, has issued a long open letter to President Wilson protesting against the scheme to remove her and appoint Editor A. S. Hardy of the Gainesville Eagle as her successor.

Lewis Knocks Out Harrison.

London, March 18.—Harry Lewis of Philadelphia knocked out Jack Harrison, England's champion middle-weight pugilist, in the third round of their scheduled twenty-round bout at the National Sporting club.

Begin Bribe Inquiry.

Concord, N. H., March 18.—A legislative committee appointed to investigate charges of corruption in the contest for the United States senatorship in the legislature began its hearings here.

Consumptives Must Register.

Denver, Colo., March 18.—Gov. Elias M. Ammons signed a bill requiring all sufferers from tuberculosis who come to the state to register.

"In yore paper this mornin' you said I made a talk to th' boys last night on 'How to Be at Work All th' Time.'"
"Well?"
"You got it wrong. Th' subject of my little talk was 'How to Beat Work All th' Time.' I want it c'ected, mister. That's all."
Then he slouched out again.

Sure Hard Luck.
A man once was talking about hard luck, and his friend was listening with a sour expression. "Why, you don't know what hard luck is!" said the friend. "I have always had it. When I was a kid there was such a bunch of kids in the family that there had to be three tables at meal times, and I always got the third one."
"What's hard about that?" snapped the other.
"Why," said his friend, "it was fifteen years before I ever knew a chicken had anything but a neck!"—Everybody's.

Presumption.
"Gentlemen," said the person who had succeeded in getting upon his feet without upsetting any of the glasses in front of him, "I can't make a speech, but I will tell you a little story that I think will be new to most of you."
"Say," asked a man at the other end of the table, "where do you think most of us have been all these years?"

WISHES FOR HIS SUCCESS.

Artist—I'm thinking very strongly of going on the stage.
Model—Well, I hope you'll draw better houses than you do pictures.

Wait a Bit.
If you've got a little honey, it's no time to get married yet. For your rivals are just bound to say it's an election bet.

Completing the Course.
"Now," said the professor, "when you have taken a few lessons in acting I think I can commend you as a highly competent dentist."

"What do I want with lessons in acting?"
"After you have assured a patient that you are not going to hurt him, you must show great skill in displaying grief and surprise when he yells."

Planning for the Future.
"When we are married," said the young woman, "we will have a cozy, old-fashioned house, with horses and dogs, and I will have canary birds and a nice cat—"

"Great Scott!" interrupted unromantic Reginald, "with all that company around, I don't see why you should bother about me!"

Looking for Names.
"If parents do not like the names of Taft, Roosevelt or Wilson for their newly-arrived children," remarked the observer of events and things, "they might be helped by casually glancing over the names appearing in the newspapers concerning the unpleasantness between the Bulgarians and Turks."

FIND WARSHIP LOOT

U. S. Officers Recover \$12,000
Stolen From Louisiana.

Detroit Jewel Theft Causes Puzzle—Police Believe Substitution of Paste Glue Occurred Before Robbery.

Jersey City, N. J.—A chest containing \$4,800 in cash is in the possession of deputy United States marshals here, and the seizure is alleged to be part of \$12,000 which several petty officers of the battleship Louisiana stole while the vessel was in New York harbor.

The money was found in a search of the house occupied by connections of George P. Davis, who was a commissary steward on the Louisiana. Davis is alleged to be one of the conspirators and has been under court martial, according to local federal officials, at Norfolk, Va.

Detroit.—A thief entered the home of C. F. York in this city recently and stole a quantity of jewelry. The owner of the articles placed their value at \$3,000. Later it was discovered the jewels were paste. Mr. York insists the thief made the substitution since the burglary, but the police believe the jewels were stolen once before and that the first thief, to insure his escape, put paste in place of the real gems.

A man giving the name of L. W. Hazzay and describing himself as a waiter from New York, has confessed, the police say, that he took the jewelry from the York home, but says he did not manipulate the stones. In fact, he is much incensed at the way he was cheated.

All the stolen articles have been recovered, part being found in pawnshops and the remainder in Hazzay's room.

"I am certain the jewels never were stolen before," said Mr. York. "It is absurd to think they could have been taken, the stones changed and then returned without our knowing it."

However, the police are of the opinion the substitutions had taken place before Hazzay appeared on the scene.

WALK OVER DEAD MAN'S BODY

Wedding Party Not Halted by Corpse After Flower Carrier Is Shot Down.

Johnstown, Pa.—George Miluski was a member of a bridal party that went sweeping down the street at Ralplton, Somerset county. He was a flower carrier. Frank Liesba was also a member of the party. He was a pistol shooter, it being his business to make lots of noise, signifying joy. Mary Fleck and Walek Kwashnic were the happy bride and groom.

Miluski, the flower carrier, got in the way of Liesba, the pistol shooter. One of the pistol shots that signified joy killed him. His flowers dropped out of his hands as he tumbled into the street.

As he was leading the procession it was necessary for the rest of the party to step over his body if they kept right on going. That was what they all did. Mary and Walek were duly married without any further trifling interruptions.

In the return from the church the bridal party picked up the dead man. The joyful pistol shooter hunted up a constable and surrendered and some one picked up the carrier's flowers and placed them on the table to adorn the wedding breakfast.

FIND BODY 6,000 YEARS OLD

Predynastic Implements and Ornaments Also Unearthed by Archaeologists' Excavations.

London.—Reports have reached here of the discovery near Luxor, Egypt, of a tomb which contained one of the most valuable collections of predynastic implements and ornaments ever found. The tomb contained the dried-up remains of a man lying in the semi-embalmed position.

As the Neolithic Egyptians did not embalm their dead, the body was nearly crumbled up from the weight of a stone slab which had been dislodged from its position as the covering of the tomb. With the body were found a unique double-edged bronze sword in such an excellent state of preservation that the cutting edge remains sharp; several long arrow heads, also in bronze; two gold hair rings, and a lot of the well-known predynastic pottery.

The tomb was probably that of one of the warriors of the first dynasty, during which period the use of bronze was discovered in upper Egypt. According to this theory the body is about 6,000 years old.

JEWELS IN DUST OF ROAD

Seattle Man Loses Two \$500 Rings in Highway During Scuffle With Woman.

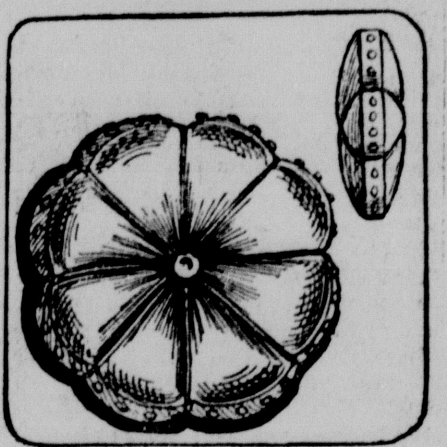

Portland, Ore.—Frank Daugherty, a Seattle promoter, spent an afternoon vainly sifting the dust of Linton road, near Portland, for two \$500 diamond rings he lost, when in company with Edward Ostner, a wealthy Boise contractor, and two women, he was returning from a round of the roadhouses. Daugherty had loaned the rings to one of the girls, but she was slow in returning them when he demanded. Then, the story is, Daugherty snatched at them and they were lost in the scuffle.

CARRYING PINS IN POCKET

Convenient Little Cushion That May Be Made From Remnant of Discarded Kid Glove.

The little pin-cushion from which our sketch is drawn was made many, many years ago from material taken from an old kid glove, and it is still in use. It is circular in shape and measures two inches across.

In making it, two pieces of kid are cut out just a trifle larger at the edges with a piece of narrow sarcenet ribbon and the space inside well stuffed with cotton wool. In the center, the two sides are tightly sewn together with silk, which is run right through

the cushion and then drawn tightly over the edges at intervals, dividing it up into eight sections in the manner illustrated.

The pins are, of course, inserted into the ribbon at the edge, and the small sketch on the right clearly shows this and illustrates a side view of the cushion, which should be barely a quarter of an inch in thickness when finished.

To complete the cushion, a tiny button is sewn on in the center at either side. In a pair of old elbow gloves, enough material will be found to make several of these little cushions, and as an item of bazar preparations, they should not be forgotten.

EASY TO CHANGE THE SCENT

Clever Girl Has Devised Sachet That Will Outlast Those in Common Use at Present.

The great trouble of the handsome silk sachets is that when the scent fades they must either be discarded or remade. A clever young girl who is fond of orris root among her belongings has overcome this difficulty in a simple manner.

She makes her sachet cases of strips of ribbon, weaving two or more colors together, just as kindergarten children weave paper. The ribbon is cut in equal lengths, and as many pieces are necessary as the size of the case requires. The best way to gauge this is to decide on the size, then divide its length by the width of the ribbon to show the number of pieces and cut each piece a little longer than the width of the case.

Sometimes the ribbons are woven into a square, again they are made oblong. The squares are effective when folded over into a triangle when finished.

The sachet powder is sprinkled thickly on the sheets of cotton batting a little smaller than the woven case and slipped inside. Instead of sewing it in, the ends of the cover are tied with narrow ribbon bows. These are put on according to the shape of the sachet, sometimes at the corners or if it is quite large they must go on the sides as well.

The raw ends of ribbon left after weaving are turned under and fastened with a small stitch. Charming color combinations can be made. Serviceable as well as decorative cases can be woven in tones of brown and ecru or in two shades of old blue. More delicate tones are of rose, pink and silver, lavender and pale corn-color, baby blue and white.

Theater Muff.

Two large garlands of small pink satin roses trim the front of a theater muff recently brought from Paris. The pillow of this muff is a quarter by half yard oblong covered with rose satin, veiled with rose dot-embroidered net and finished at both ends with two narrow frillings of finely plaited rose net. The two garlands start from against a mass of pink roses and black velvet foliage near the center of the muff's lower edge, and extend toward its upper corners, thus almost covering the front of the accessory. This model would be lovely duplicated in blue with forget-me-nots, in yellow with buttercups, in green with young strawberry leaves and in mauve with violets. In white, trimmed with black velvet foliage, it would be wonderfully chic.

Round Tablecloths.

Tablecloths with circular designs, suitable for round tables, are used more than ever; but those who have had experience have learned that it is better to purchase a tablecloth with square corners and the circular design inside rather than one finished round. The round tablecloths are very difficult to launder and almost never hang well after laundering. Even the manufacturers have learned that lesson, so that some of them do not even make the round cloths.—Harper's Bazar.

Shoes and Short Skirts.

The modern short skirt should make a woman very keen about her shoes. She should learn the modes and observe them, she should be willing to be extravagant even, in footwear, and should she hesitate let her scrutinize the shoes of others, and their transgressions will be an effective aid to speedy elimination of any carelessness in that line in herself.

SAVED FROM TRIBE

Alaska Indian Maiden Is a Modern Pocahontas.

Chief's Daughter Marries Chinese Sailor or She Rescued From Death, and Now They Are Living in San Francisco.

Nashville.—Under date line of Washington, D. C., Mrs. L. M. Cheshire contributes the following unique story to the Nashville Banner:

"Pocahontas has been outdone by an Alaskan maiden. John Smith was only in danger of having his brains spattered over the surrounding real estate when Pocahontas rescued him with her love. The John Smith of Alaska was not only in danger of being killed, but of being eaten when the women in whose eyes he had found favor saved him.

"The Alaskan John Smith was not a titled explorer when he fell into the hands of savages, nor was his name John Smith. He was only a common yellow-skinned sea cook. His name is Ah Wing, and there is nothing attractive about him. He is about as home ly a mixture of Chinaman and Malay pirate as could be found in a day's walk. His Pocahontas answers to the name of Julie now, but nobody knows what her Indian name was. She is a long way of being Pocahontas' equal in beauty, and the Siwash features of generations were consolidated when her face was made.

Ah Wing some nine years ago was a cook in the employ of the navy department and was shipped north on the Jamestown. While on the Sitka station Wing's time expired, or he deserted—just which is not quite plain—and he shipped aboard a whaler. The whaler was wrecked and Wing was cast upon an inhospitable ice floe. Julie was the daughter of a chief of a tribe of Indians, and while hunting with her father discovered Ah Wing, who was as near dead from starvation, cold and exposure as it was possible for him to be and retain life.

For days and days Julie nursed him, and he finally recovered to find himself the object of a great deal of attention on the part of the Indians. They could speak no Chinese or English, and Wing had no comprehension of their dialect. He was at a loss to understand the solicitude with which they took in watching the accumulation of fat on his ribs. At last the horrid truth dawned upon him—at least he says so. They were going to barbecue and eat him.

He gave all up for lost, when he was inspired by the sight of Julie in tears. He made love to her. She comprehended and went to ask papa.

The old chief was fond of his daughter and could refuse her nothing. He issued an edict against baking Wing. The remainder of the village protested, and the chief was obliged to state why he desired the stranger's life preserved. The objectors gave in and Wing and Julie were married in Indian style.

Finally he had a chance to escape. A boat's crew came in from a schooner to trade for skins. The cook was dead, and Wing begged them to take him away with them. Wing's father-in-law gave him leave of three months and sent Julie along to insure his return.

THIS PIG HUNTS RABBITS

Animal Runs With Dogs Now, but Owner Will Train It to Follow Trail Alone.

Dover, Del.—J. H. Lankford of Lewes, Md., a village just across the lower Delaware line, has a pig that hunts rabbits and joins in chases with its owner's dogs.

This pig is a thoroughbred of the Chester County White variety, and is known as Sir Grunter. It first saw the light last August, and was allowed to run around the Lankford homestead with a pair of rabbit dogs, and it followed the dogs to the woods and hunted with them.

When the rabbit season opened and the rabbit dogs went on a hunt, the pig followed. Mr. Lankford tried to fasten up the animal, but in vain. Finally he gave the pig its liberty and permitted it to follow the dogs at will.

Mr. Lankford says he will endeavor to train the pig so that it will hunt without dogs.

DOG-EATER IS A BLESSING

Flushing Man Wants Nescopek's Mysterious Monster—Many Canines Destroyed.

Nescopek, Pa.—An echo of the excitement here incident to the visits of a dog-eating animal has come in a telegram from Flushing, N. Y., an Auburndale man wanting the monster if Nescopek fails to appreciate the blessing it has received.

The dog-eater has been causing havoc among the canine tribe by nightly invasions, but as yet its real identity is a mystery. All it does is to destroy dogs.

That Nescopek has had a special dispensation of Providence in the coming of this terrifying dog-eater is the conclusion of the Long Island resident, and from whom Burgess Smith has received a letter. He asks that the dog-eater be shipped to his home town at once.

FEE AMUSES MAYOR GAYNOR

Executive of New York City Sympathizes With Young Man Married by Alderman.

New York.—Mayor Gaynor sent this reply to a letter he had received from Kal Broderick of 200 Fifth avenue, complaining that an alderman who married him had charged \$20 for the service:

"I have received your letter complaining that an alderman on marrying you the day before at his house demanded \$20 of you as his fee, and that you paid him, for the reason that it would have mortified you too much to make a protest in the presence of your bride and other ladies who were present. Of course the alderman committed a great outrage and he no doubt knew that you would pay him sooner than dispute with him openly. He had no right to charge you anything. I receive many letters of a similar kind. My advice to you all is to go to clergymen to be married, and then you will be treated properly. I do not mean to say that all of the aldermen would treat you as this alderman did, but unfortunately some of them would. You say it was all the money you had with you, and that you expected to use it for immediate expenses with your bride. I certainly sympathize with you. If some one had held you up on the street and taken it away from you it would not have been worse. You may sue the alderman to get your money back, but if you do he will no doubt say you made him a voluntary present of the \$20, and—who knows?—the judge may believe him."

It was said at the office of the mayor that the alderman referred to was Ald. James J. Smith, who represents one of the downtown districts. When a copy of the mayor's letter was shown to Mr. Smith, he said: "I don't remember this man. Perhaps I married him and perhaps I didn't. I marry thousands of persons every year and I can't keep them all in mind. Anyway, I never asked any one for a \$20 fee."

HAS COWCATCHER FOR AUTOS

Instead of Catching Animals It Rescues Persons While Traveling at High Speed.

London.—An inventive genius has been giving demonstrations in Regent's park with a contrivance, fitted to the front of an automobile, which appears to be an elaboration of the cowcatcher on locomotives, but with the essential difference that it is intended to safeguard the unwary pedestrian, no matter if he happens to get in the way of a car traveling at 20 miles an hour.

The apparatus consists of a bar between the front wheels, covering the entire front of the car, and as soon as this strikes a pedestrian it springs back and a scissors shaped jaw grasps the person struck, under the knees, forces him to sit down in a net, and holds him until released.

A member of the Motor club thus describes what he saw of the test:

"I was walking along the path with a chauffeur, when the man suddenly left me and started to run across the road. A short distance away a motor car was coming along the road at a speed of at least 20 miles an hour. The car dashed straight into the man, but, instead of knocking him senseless, picked him up and carried him ten or fifteen yards until the car stopped. I ran forward, and when I reached the man he was sitting in the apparatus laughing, without a single scratch.

"The only persons near, besides those interested in the demonstration, were two women, who screamed when they saw the man hit. Their surprise when they saw him released from the automatic fender and laughing at the incident may be imagined."

ENJOIN PUBLICITY ACT

Supreme Court Grants Injunction Against Enforcement.

Postmaster General Burleson Estopped by High Tribunal From Putting Law Into Effect.

Washington, March 18.—The Supreme court granted a restraining order to prevent Postmaster General Burleson from enforcing the newspaper publicity law while the court has under consideration the question of its constitutionality.

The injunction was granted upon a request last week by Robert C. Morris, attorney for the New York Journal of Commerce, which has attacked the validity of the act. Postmaster General Burleson had notified him that newspapers which had not filed statements required by the law would be penalized.

The Supreme court announced it would take a recess from next Monday until April 7. The court announced no decision in the state rate cases or other important cases.

Cleveland, O., March 18.—Frederick Kohler is no longer chief of police of Cleveland. The civil service commission found him guilty of gross immorality and straightway discharged him from the office.

H. M. Flagler Improving.

Palm Beach, Fla., March 18.—The condition of H. M. Flagler, principal owner of the Florida East Coast railroad, who sustained a bad fall two weeks ago, injuring his hip severely, is improving.

New York.—The American Bird Banding association has just been organized here for the purpose of tracing identification bands on wild birds. This is said to be the only practical and reliable method by which ornithologists can study bird movements and tell where and how far they fly.

In the majority of the cases aluminum bands will be placed on legs of young birds unable to fly found in nests. The bands will not injure or impede the birds' progress. On each band will be the words "Notify American museum, New York."

PAPYRI TAKEN FROM EGYPT

Most Nearly Perfect Rolls Ever Found Unearthed Near Temple of the Ptolemies.

London.—The numerous large and valuable rolls of historical papyrus recently discovered by Robert De Rustafjaell, F. R. G. S., have now been brought to England. Mr. De Rustafjaell has allowed an inspection of the rolls, which are certain to create considerable interest in the scientific world. They were unearthed by a fellah while sinking the foundation of his mud-hut near a temple of the Ptolemies in Upper Egypt, and are of the Greco-Egyptian period.

There are seventeen of them. They are about twelve inches wide, all closely rolled, and some are as much as four inches in diameter. The size of the largest probably will be found to be about fifty feet, which would be a record length for a roll of papyrus. The rolls probably are the most nearly perfect ever found.

"It should be borne in mind," said Mr. De Rustafjaell, "that Manetho, the Greek historian, who lived probably about the time that these manuscripts were written, gave us a history of Egypt, and the only framework we possess of the order and number of dynastic reigns."

"With the discovery of the Rosetta Stone we obtained the long-lost key to the language of ancient Egyptians. We think that we are justified in anticipating further and possibly more startling revelations from these manuscripts."

Mr. De Rustafjaell had the good fortune about four years ago to light upon the find of papyrus which were published in an interesting book called "The Light of Egypt." At the time they were popularly referred to as "Further New Sayings of Christ." One volume only, however, dealt with the subject. It proved to be Saint Bartholomew's apocryphal narrative by Christ of his descent into hell. This is the only authentic literature extant on which the Litany is based in the passage referring to the descent into hell.

USE LIQUOR TO QUENCH FIRE

Guests at Coney Island Pour "Fire Water" on Burning Paper Bits and Save Structure.

New York.—Wine and beer were substituted for water in extinguishing a fire that threatened for a time to sweep through Staudt's restaurant and pavilion, one of the largest buildings at Coney Island.

The fire was started by a lighted match thrown into a pile of confetti. Almost instantly the flames leaped to the ceiling, lighting the decorations. If it had not been for the prompt work of Captain Thomas H. Murphy of the Coney Island police station the fire might have resulted seriously.

Every year Barney Klobloch, manager for Mr. Staudt, gives his confetti dance. There was an unusually large attendance at the dance when the fire started. It was estimated that there were 3,000 persons in the hall.

A balcony circles the dance hall and it was thronged when the fire started. At the several hundred tables below were assembled men and women in gay attire.

When the cry of fire was raised and the shaft of flame jumped toward the ceiling, everybody in the hall emptied the contents of their glasses on the fire.

When the downpour of wine came from the balcony Klobloch and many who were dancing were drenched.

PLANS CONCILIATION COURT

Cleveland Ready to Try Scheme to Reduce Costs of Small Suits—Mail to Aid.

Cleveland, O.—Judges of the municipal court, who have been considering ways and means of lowering the costs of court procedure, adopted a resolution urging the creation of a "conciliation court." This court will, it is understood, start its work January 1, 1913. All claims of less than \$50, garnishments, attachments, replevins and similar suits, will be heard in the "conciliation court," which will be presided over by a special judge, to be appointed by Chief Justice McGannon. The new court will attempt a settlement of the claims which are presented to it without the institution of formal proceedings. Costs of suits which will be considered in the court will be greatly decreased.

Service of subpoenas by registered mail was also discussed by the judges, as a method of further lowering the cost of legal proceedings.

FINDS ANGLE WORM THINKS

Professor Yerkes of Harvard Convinced After Making Experiments on Crawlers.

Boston, Mass.—From a series of experiments conducted in his psychological laboratory Professor Yerkes of Harvard has become convinced that an angworm can think. Knowing that an angworm will always crawl out of a lighted place into a dark one, the professor put a worm into a glass dish in which were two dark holes. The right hand hole was an ordinary earth cavity. The left hand one, however, contained an electric battery, the object of which was to give the worm a mild shock in case it entered.

After a few trials the worm learned its lesson and could be counted on to turn always to the right when it was put into the dish.

Dr. Gable Talks About Chronic Diseases

DR. EDWIN O. GABLE,
Neuropathic Specialist.

I want to state positively that every case of the above diseases is curable with my Neuropathic system of treatment, if the patient comes to me before too much of the tissues of the diseased organ are destroyed. My system of treatment cleanses and purifies the blood. It restores normal circulation and strengthens the nerves, and dissolves disease deposit. I would like every sufferer of these troubles to come to me on this trip to Dixon. I will take the time to make a thorough examination of the heart, the circulation, the blood and the kidneys, and when I have finished, I will tell them exactly what their condition is; whether they can be cured or not.

Catarrh of the nose, throat, or constitution, deafness, head noises, and ulcers of the ears come from the same causes as rheumatism. I have treated hundreds of cases of catarrh and deafness with my new system of treatment, curing them completely, and restoring perfect hearing. All cases of weak eyes, chronic inflammation of the eyes, internal eye diseases and partial blindness are successfully treated by my method. Every form of weakness and disease of the nervous system especially that kind that affects the heart, causing palpitation, shortness of breath, irregular pulse, smothering spells, dizzy spells, sick headaches, pain around the heart—all these troubles are given almost immediate relief by my treatment. Men and women suffering with weakness of some of their vital organs, no matter where, can obtain complete relief by my system of treatment. All chronic discharges, all wastings are curable.

I have treated a great many people in my previous visits to Dixon, and have had wonderful success with many old chronic cases. On this trip I am going to make examinations, give consultations, and offer my services free again to every sufferer that comes to me. I am not going to leave you any excuse for not learning of this treatment. I believe it is the only scientific treatment. You have everything to gain and absolutely nothing to lose by getting my professional opinion of your case, by learning exactly the condition you are in, and by knowing the condition of your heart, nerves, blood and kidneys. I use no strong poisonous remedies, but such remedies as dissolve and clean out the disease deposits in the blood and tissues that equalize circulation, that restore strength and vitality to weak nerves. When this is done you are bound to get well. "No matter where you live, rich or poor, I want you to come to see me this trip. You can do a kindness to some suffering neighbor or friend by telling them of my visit and my new system of treatment. Tell them to come and see me. You will also help me do them a kindness. While I will return to Dixon twice a month, this may be the last chance you will have to obtain my services free. My object is to cure a number of patients around Dixon to prove that my system of treatment is superior to others. Remember the days. I will be at the Nachusa House from Monday noon, March 24, until Wednesday night, March 26. I will receive patients from 9 in the morning until 8 in the evening, each day.

WEST BROOKLYN NEWS

Another Misfortune

Our regular letter for this issue of the News was accidentally destroyed and thus we are somewhat discommoded in furnishing our readers with a duplicate, due to the fact that all our memorandums were consigned to the waste basket upon the completing of the last letter. Nevertheless, we will endeavor to remember as best we can and favor our readers with the following items.

Mrs. Joseph Bieschke visited in West Brooklyn Friday morning. The electric light gang, working for the Northern Illinois Utilities Co. finished the job of setting up the poles for the installing of lights in West Brooklyn Friday. They have built a very good line and their work here has been good in every way. West Brooklynites are well pleased with the start made by the company to give us good light and already most of the business places and many residences are all wired up for the lights.

A. F. Lyman completed the job of wiring the opera house Thursday and now the hall can be opened again as soon as the Northern Illinois Utilities Co. hitch the electric juice to the wires inside the building. Fancy the smile on the manager's face when he turns the little button instead of spending half an hour trying to generate the old gasoline machine.

John N. Zinke was here from South Brooklyn Thursday on business. He has purchased a new automobile and was allowing the machine to enjoy the good roads by hauling it around on a hay rack. By that you will understand how John got his new car home.

Joseph Bernardin, George Swope, and Orlin Abell have been assisting the gang of Northern Illinois Utilities Company men with their labors here for a few weeks.

F. H. Delhof was here on business Thursday morning.

You are invited to visit our new millinery parlor in H. A. Bernardin's store at Compton, Ill. All the latest and up to date styles. We solicit your patronage. Emma Fox & Myrtle Hamerton.

Henry Haefner was here on business from Viola township Thursday. Joseph Chaon Sr., after a search of four years, has finally located his brother, Amada Chaon in, Blackburn, Okla. The brother is six years older than the local Mr. Chaon and through his removal to the west years ago he had gotten away from the attentions of his relatives here. It is a cause for great joy for Mr. Chaon to know that his brother is all O. K. out in the west and that he can hear from him again.

Taxes and Death are the only certainties in this life. You cannot deal with the former, excepting to pay them, but with the latter you can at least make its stings less painful by leaving a life insurance for your widow and family. A good, strong company like the Illinois Life Insurance Co. offers you a variety of policies to suit your particular circumstances and they are the policies you should carry. Insure in Illinois' biggest and greatest company with Henry F. & Oliver L. Gehant, agents at West Brooklyn, Ill.

C. A. Jeablane was here on business Friday morning.

Owing to the bad roads Owen McMahon's 1913 opening did not start out with a very large attendance Friday morning, but during the afternoon of that day and on Saturday, many of the farmers were in town to hear the explanations of the expert machinists and to look over the new lines for this season.

The prizes awarded at the close of Owen McMahon's opening Saturday afternoon were received as follows:

1st prize, Louis Hoerner; second prize, John Untz, Jr.; 3rd prize, Jos. P. Songerth. The prizes were a plow, a corn sheller, and a vat of oil. Did this thought ever strike you—We are happy just in proportion as we are content?

There were good attendances at the services in both the Catholic and M. E. churches Wednesday night to listen to the sermons as announced by the pastors previously. Father Krug's sermon was another of his Lenten series treating on marriage and the duties of husband and wife to each other, their families and neighbors.

You are invited to attend the entertainment and box social at the Eva Campen school house March 28. Eva Holdren, teacher.

St. Mary's Catholic Order of Foresters held their regular monthly meeting in the club room Thursday night, and due to the storm only a meagre attendance was present.

Speaker C. P. Henkel gave out a

list of those who have entered for the pool tournament and advises all others who wish to partake in the series of games to enter their names within the next few days for the tournament will very likely be pulled off next week. From the list of names given two sides will be chosen with a captain on each side and the total points won by the two sides will be taken to determine the winners of the series of games. Each set of two will play two games to finish their part and the first one that runs off the twenty-five balls, will win the game. The other rules and regulations will be given each night during the progress of the tournament. Those listed at this time are: Ed Henry Jr., Oliver L. Gehant, M. J. Maas, F. L. Oester, F. W. Meyer, Michael Southeroth, A. F. Jeanrunat, Jos. P. Songerth, Mathias J. Bieschke, N. J. Bieschke, O. L. Oester, Gus Gehant, Frank Henkel, S. J. Holdren, George Gehant, J. F. Bernardin, Alex. Jeanblanc, H. W. Gehant, Florian Walker, Peter Montavon, Matt Haub, W. J. Long.

The local hunters were down in the swamps daily this week, plucking off the ducks that are very numerous since the warm weather set in and the water appeared.

J. C. Henkel was here from South Brooklyn on business Friday.

Frank Halbmaier shipped another car load of hogs to the Chicago market Thursday night.

Watch for the posters announcing Chris Oester's closing out sale to take place at his home in West Brooklyn, on or about March 29th. Several good cows will be on the bills, as well as horses, hogs, machinery, Overland automobile, house hold furniture and other articles too numerous to mention.

Mr. and Mrs. M. J. Bieschke returned home Wednesday night from Chicago, where they had been buying for the store.

Local stockholders of the Independent Harvester Company of Plano, held a meeting in the office of the West Brooklyn Farmers Elevator Co. Saturday afternoon.

Two more entries have been reported Speaker C. P. Henkel for the Forester Pool tournament in the persons of G. L. Edwards and Andrew Gehant. Others who wish to participate list at once.

Peter Snyder was in town on business Saturday afternoon.

C. H. Oester was in Aurora for a days' visit Friday.

J. W. Thier has received a carload of rock phosphate which he will distribute over his farm for the benefit of the soil. Mr. Thier has one of the very best farms in this vicinity, but never fails to take advantage of an opportunity to improve its condition or to keep the high quality of its productivity up to the very top.

Henry Glaser of East Compton was here Saturday.

Louis Chaon was here on business Saturday afternoon.

John P. Untz was a passenger for Mendota by way of Roxbury Saturday.

The condition of Grandma Meyer in her paralysis of the one side of her body does not seem to improve as well as her many friends had hoped for.

P. M. Fassig of South Brooklyn, was a business visitor here Saturday afternoon.

Frank Hoerner shipped a car load of hogs to the Chicago market Thursday night.

S. J. Holdren was here Saturday.

Edward Sonderoth went to Mendota Saturday to visit his brothers and families for a few days.

Henry A. Ladenberger was here Friday. He reports his father as enjoying his new home in Mendota first rate and we are glad to hear it.

David Burkhardt was here from Lee Center township Saturday.

Dr. Tucker, dental specialist, has opened an office here at Hotel Tressler. Teeth examined free. Office open daily.

Correcting a Misunderstanding.

When the Catholic church and ministers preach on the non-desirability of associating with non-Catholics it refers to the young people intermarrying and danger to both parties of losing their faith. Some of my best friends are protestants and for grown people settled in their views, no reason exists why they should not be close friends and neighbors. Had some of my own parishioners explained what I said, no one would have misunderstood me, but would have agreed with me for no minister or parent prefers his child to marry a person of another faith.

Rev. M. B. Krug, Pastor of St. Mary's.

Tell your tooth troubles to Dr. Tucker, dental specialist at West Brooklyn. All work guaranteed and prices reasonable.

Order of Services for Holy Week

Thursday: Services at 9 a. m. Procession and Exposition of Holy Eu-

charist during the day until 7:30 p. m.

Friday: High mass 9 a. m. Adoration of Cross after mass. Stations of cross at 3 p. m. Passion sermon and services 7:30 p. m. During the day collection for holy places in Palestine taken up.

Inaccurate.

There were some celebrated pictures of Adam and Eve on exhibition, and a professional gardener was taken in to see them.

"I think not much of the painter," said he. "Why, man! tempting Adam with a pipkin of a variety that wasna known until about twenty years ago."

—Harper's Bazar.

The Real Boss.

"Well, which one of the newly married pair is boss?"

"No one can tell."

"Why not?"

"Her mother is visiting them at present."

A SOUTHERN ROMANCE.

Rufe was telling Zeke about a terrible escapade he had had the night before after he had crossed the dam at the river and was making for his cabin about a half-mile through the dark woods.

"An jes as I stepped inter de brush I hears a funny noise like a shoat snortin'. I looked up an a blue light jumps out er de ground' and shapes itself into a ghost about six foot tall. Red fire was flickerin' out er its nose. It stood still kinder, then lifted a long, bony finger an' says: 'I want you, Rufe Jackson.'"

"I walks up to it and shakes my own finger right in its face. 'You mind yore business and I'll mind mine,' I says, and turns on my heel and goes right on."

"Now, what'd you er done, Zeke. in a case like dat?"

"I er done jest what you done, you durned lying nigger."—St. Louis Republic.

His Longing.

"I wisht I was a whole orphan."

"A whole orphan! What do you mean, child?"

"I'm any a half orphan an' I ain't got no one to play with. If I was a whole orphan I'd have the other half an' we could have some good times."

A SHINING EXAMPLE.

Then was the time.

Mrs. E. Z. Mark—My husband never told me a lie.

Mrs. Knowsitt—Gracious—Didn't he ever stay out late at night?

A Receptive Maid.

A darling girl was Bella. With suitors by the score; She'd letta fella tella All kinds of foolish lore.

Overdoing It.

Elberton L. Winthrop, at the end of one of the meetings of the board of education in New York, said, apropos of severity in the schoolroom:

"These over-severe teachers always remind me of an over-severe parson. He, at a dinner party during Lent, said to one of the guests, a famous raconteur:

"My dear sir, as it is Lent—and a Friday to boot—would you mind if I asked you to confine your efforts exclusively to fish stories?"

The Easy Way.

"What's the upkeep expenses of your auto?"

"I have found a way to cut our repair bills entirely."

"For goodness' sake, tell me about it!"

"Last time it broke down I didn't have it repaired."

Excited.

"Dibbiewalte always goes to extremes."

"What's the matter now?"

"His sympathies are so much against the Turks that he has quit smoking Turkish cigarettes, although he knows they are made in New York."

EASILY DONE.

Howe—I don't care how severe a cold it is, I can get rid of it in one day.

Wise—So can I; but suicide is repugnant to me.

Hypnotized.

He hates to leave his office now. The which does not surprise. His new stenog's a little peach. And has most lovely eyes.

Thne He Went.

"Ah," remarked Miss Weary, whom Mr. Staylate had been boring with old conundrums, "that last one reminds me of the best thing going—"

"What's that?" he asked, eagerly.

"A man who has stayed too long."—Catholic Standard and Times.

Precautions.

George—She sings nicely, doesn't she?

Tom—Oh, yes. When she sings they have to close the windows.

WHY IS DIXON FIRM

Because Its Citizens Have Learned the Truth.

After reading this generous and encouraging report from Mr. Self those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get this same good as Mr. Self had, you should get the same remedy. There are of course other kidney pills but there are no other kidney pills the same as I an's. That is why Dixon people demand the genuine.

Roy F. Self, 516 Lincoln Ave., Dixon, Ill., says: 'Although I have not used any kidney medicine myself, I can recommend Doan's Kidney Pills in view of what they have done in our family.' One of us had nervous and dizzy spells and also suffered from backache. The use of Doan's Kidney Pills gave complete and permanent relief.'

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dixon, Mich. 18, 1913.

Cash grain markets in Chicago today were 1-4 higher for corn and 1-4 to 1-2 higher for oats.

Liverpool cables were 1-8 to 3-8 higher for wheat and unchanged to 1-2 higher for corn. Antwerp 5-8 lower, Berlin 1-4 higher and Budapest 1-8 higher.

Northwest carlots of wheat, Minneapolis 167, Duluth 65 and Winnipeg 439.

Receipts at Chicago, 112 cars of wheat, 485 corn and 214 oats. Canadian visible, wheat this week 24,937,000, last week 25,135,000 and last year 27,561,000 bus. Oats 9,609,000, 9,369,000, 6,400,000 respectively.

The visible of wheat in Europe this week is 92,868,000 against 89,220,000 last week and 78,700,000 last year.

Minneapolis stocks increased 160,000 bus.

Bradstreets visible, wheat 140,000 bus, corn 77,000 bus. Shipments, wheat 131,000 bus, corn 68,000 bus.

Omaha wires, 32,000 bus wheat taken here today for export for New York.

John Inglis wires from Belleville, Kas., 'WePherson to Belleville wheat in fine condition. Fair growth, good stand, still seeding oats. Farmers have not sold corn freely and there are liberal supplies on hand. Roads are still good and some hauling corn to stations. Hay stacks plentiful and cattle in good condition. Clear and cool.'

Chicago wires, 'Canvass of receivers show country advises on corn and oats very light. Eastern demand small but shows a slight improvement.'

Chicago wires, 'There have been export business reported from here. 5 loads wheat worked since close of business yesterday. Domestic shipping call very slack. Total exports 45,000 bus. Estimates for tomorrow: wheat 64 cars, corn 324 and oats 190 cars.

Dixon, Mich. 18, 1913.

Wheat: Business today mostly local and largely professional. Changing business yesterday and today had effect in better strength in May delivery as compared with later months and May wheat closed 1-2c higher than last night. Foreign markets strong but taking little American wheat. A small amount of export business reported by the seaboard and Omaha also is reporting a little business. The fact that the 1912 world's wheat crop is officially reported 226,000,000 bus larger than in 1911 is offset by the fact that so large a part of the wheat in Europe was of low grade and largely used for feeding. The Argentine market for May delivery is 6c above Chicago and if that

country expects to sell its wheat our prices should look low to foreigners. So far crop news is all that could be desired but values are very low and on substantial investment basis.

Corn: Light offerings with a little urgent demand from shorts, made the price level today about 1-2c higher than yesterday. Cash corn followed the advance and there was a little better eastern demand than no buying in volume has occurred. Country advances indicate movement is at the expense of country elevator stocks, now light. Advances of country ships are small as usual at this time of year. It is interesting to note that maximum stocks in Chicago have usually been recorded early in April last year on April 1 with a total of 8,650,000 bus in 1911, on April 3 with a total of 9,393,000 bus; in 1910 on April 11 when stocks public and private were 11,987,000 bus. Before accumulations cease this spring the total will probably be greater than for the last two years, but not as great as in 1910. Foreign markets showed a stronger tone, but we cannot learn that they made fresh corn purchases at seaboard.

Oats: With strength in wheat and corn, oats sympathized and close 1-4c higher than last night. Receipts not coming in volume anticipated and a better eastern demand during last few days is not equal to local and shipping demand.

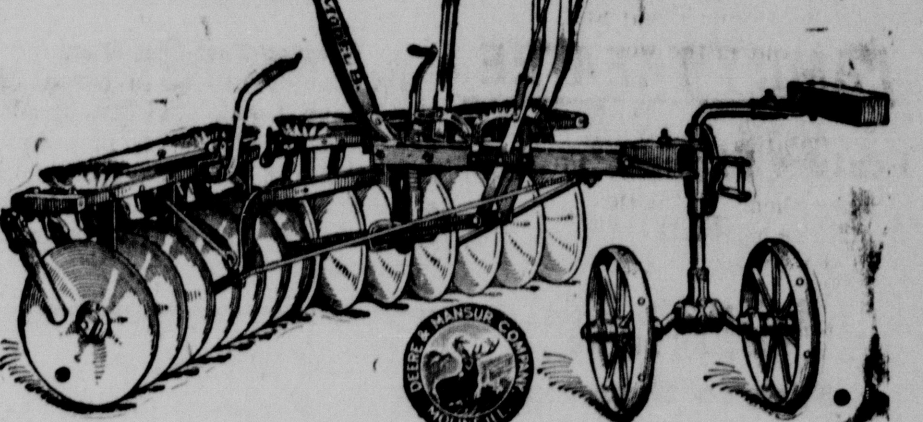

Provisions: In spite of a gradually higher market for hogs the past few days, provisions have shown moderate strength and still sell about the prices quoted when hogs were 1c a pound lower. It would seem reasonable to anticipate renewal of the strength in the provision market in the near future if hog market continue to have steady or advancing disposition.

DEERE DISC HARROWS

STRONGEST-HEAVIEST-BEST DURABILITY

To do good work an dbe durable seems to us strong points on the disc harrow question. Good work demands a harrow that pulverizes the ground thoroughly, that cuts out dead furrows, that adapts itself to any uneven condition of the ground.

To be durable a harrow must have a strong frame, steel shanks, 3/4-inch gang bolts, heavy gauge discs, and a general construction throughout that leaves no room for question as to the strength of any part. All these points have been built into the Deere Mode B.

It is made in all sizes from 4-foot to 10-foot cut, 16-in., 18-in. and 20-in. discs, has improved oscillating scrapers, extension oil tubes, with or without weight boxes, and all sizes are furnished with a stub tongue. If you are in the market for a disc harrow, be sure to see the Model B at our store.

SAY POLICE DID DUTY

Witnesses Declare Major Sylvester Was Not Derelict.

Declare Washington's Chief of Police and His Men Were Not Negligent in Woman's Parade.

Washington, March 18.—That Maj. Richard Sylvester, superintendent of police, and the officers did their full duty by the women suffrage parade March 3 was the burden of the testimony given at a hearing before the senate investigating committee here. Three captains of police took the stand—Sullivan, Hollinberger and Doyle—and they were unanimous in praise of their chief and the work done by the police.

They denied absolutely that any intimation had been given by Major Sylvester that his orders for the procession of the women were not to be taken seriously, or that he would "sink" at any dereliction of duty. They denied also that the women in the parade had been spoken of lightly by police officers or policemen.

It was admitted by the police officers that the crowd had been beyond control of the police, but they declared that the entire difficulty lay in the fact that they were not given authority to stop all traffic in Pennsylvania avenue three or four hours before the parade began.

When the hearing adjourned it was stated by Senator Jones that the next meeting would be at the 10 o'clock of the chairman. It is understood that no further hearings will be had until next month.

ANGRY MOB WRECKS STORE

Object to St. Patrick's Day Souvenirs Displayed in Windows.

Red Bank, N. J., March 18.—A five and ten-cent store was wrecked here by an angry mob that objected to St. Patrick's day souvenirs displayed in the windows, declaring that the display held up to ridicule things which they considered sacred. When the store opened the parish priest called on the proprietors and demanded the removal of the souvenirs. Two hundred persons gathered outside the store and when the priest reported that his mission had failed, the mob rushed in, tore the offending articles from the windows and counters and trampled them under foot. Counters were upset and other goods were destroyed.

WERE IRISHMEN FOR A DAY

President Wilson and Cabinet Members Wear Shamrocks.

Washington, March 18.—The shamrocks sent to President Wilson by John Redmond were widely distributed here. Secretary of the Navy Daniels called on Secretary Tumulty and carried away a bit of shamrock in his lapel. Generous decorations appeared in Secretary Tumulty's coat. As President Wilson's cabinet members came into the office they were supplied with shamrocks and temporarily the White House became headquarters for St. Patrick's day.

HOLD UP FREIGHT TRAIN

Masked Negro Bandits Rob Illinois Central Train and Escape.

Belleville, Ill., March 18.—A fast freight train was held up by three masked negro bandits near Belleville on the Illinois Central railroad in charge of Conductor Charles O.
